

BBP::std::strcpy

```
graph LR; A[BBP::std::strcpy] --> B[BBP::std::strlen]
```

A diagram showing a dependency from BBP::std::strcpy to BBP::std::strlen. The first box, containing 'BBP::std::strcpy', is shaded gray and has a black border. A blue arrow points from its right side to the second box, which contains 'BBP::std::strlen'. The second box is white with a black border.

BBP::std::strlen
